

Grow in Faith. Have Fun. Change the World.

Vacation Bible School at Starmount Presbyterian Church

July 26-29: 9 am—noon

Cost: \$15 per child; \$10 for Starmount Members

(Cost covers materials needed for the week)

Renew is a wonderful curriculum created to help children of all ages appreciate how they can help change the world and “go green”. Through the use of the Parable of the Sower, children from preschool through 4th grade will learn about the different lenses they can examine the world around them: through the “self” lens, the “community” lens, and the “world” lens. The “self” lens will allow kids to discover what they can do to grow in faith and care for creation. The “community” lens will allow kids to encounter the part of creation we call community and recognize God at work in our relationships with one another. The “world” lens will allow kids to learn all about creation—from the people and parts we see every day, once in a while, and never. We are excited about the opportunity this curriculum provides and how it can translate into the Starmount and Greensboro communities, including incorporating Starmount’s own Community Garden!

VBS Volunteer and Mission Possible Youth Program

Sign-ups on the Reverse Side
